(3598) **2.** **What specific aspects of your TA's teaching were most useful for your learning?**

Denis was extremely helpful during office hours and section. I truly believe I would have not passed this class without his assistance. He was always extremely patient and willing to work problems out with students.

He did a great job actually working through problems with us during office hours instead of just giving us a tip and moving on. I appreciated the time he took to make sure we got the right answers.

(3597) **3.** **What specific suggestions would you like to offer the TA for improving their effectiveness, if any?**

He was great. No suggestions.
